SWP Environmental Services Co provides environmental compliance management to utility construction companies. Their expertise in the utility industry allows them to help clients complete their projects in an environmentally efficient manner. Their team focuses on giving clients the best solutions, commitments, and results.

Headquartered in Canby, Oregon, SWP Environmental Services Co., concentrates on environmental consultation services for the construction industry. The team there understands that protecting our environment and its sensitive resources is an integral part of today's construction industry. With this in mind, the SWP Environmental Services team is experienced in environmental compliance management in conjunction with electrical utility and general construction.

SWP Environmental Services brings expertise in environmental permitting, mitigation planning, inspection and monitoring, erosion and sediment control, and restoration to construction projects in Oregon, Washington, Idaho, Nevada and California.

SWP Environmental Services Co. is a certified Disadvantaged Business Enterprise (DBE), Woman Owned Business Enterprise (WBE) and Emerging Small Business (ESB).
