Spectrum Woodworking, Inc. started in 1988. After leasing space in Tualatin for 12 years, Spectrum relocated to Canby in 2000, building a 30,000 square foot facility.

Shop Floor

Specializing in office interiors for medical facilities, banks, federal and municipal buildings, schools and universities, churches, retail stores and hotels, Spectrum Woodworking has enjoyed 15 years of growth by repeatedly exceeding the expectation of their customers.

Spectrum Woodworking is a full service commercial cabinet company employing 20 full-time craftsmen in their manufacturing shop. In addition they have a support team consisting of seven highly skilled professionals and five full-time installers in the field. They have state of the art machinery to get the job done with precision and accuracy in the least amount of time.
